Industry Experience

Software Engineering Intern | BoardX  Jun. 2023–Aug. 2023
Mentor: Feng Zhang

- Built features for a collaborative digital whiteboard, including Azure-backed data management, AI-assisted ideation, and color-blind-friendly interface elements.

Teaching and Leadership

Grader, EECS 486: Information Retrieval | University of Michigan Jan. 2025–Apr. 2025
➢ Graded programming assignments, exams, and final projects and provided detailed feedback to more than 100 students.

NLP Reading Group | University of Michigan *Co-Organizer*  Sep. 2024–Apr. 2025
➢ Co-organized weekly research presentations and grew an interdisciplinary community of 180 members across computing, medicine, and psychology.

Volunteer College-Application Mentor Oct. 2021–Mar. 2023
➢ Mentored approximately 10 financially disadvantaged domestic and international students on first-year and transfer applications.

Skills

Machine Learning	PyTorch, TensorFlow, Hugging Face Transformers, scikit-learn
Programming	Python, C/C++, Java, HTML/CSS
Languages	Hunanese and Mandarin (native), English (fluent), French (basic)
